13	Lack of more dental providers. Ihs is short staffed.	3/27/2022 9:51 PM
14	All we have is the clinics that are open during the day and weekdays or the ER after hours. It would be ideal to have something in between the two. Most minor things happen after business hours and people end up going to the ER for minor emergencies like non critical injuries, tooth aches, ear pain, or illness and fever clogging up the ER with non emergent patients and costing a fortune for those of us that actually have to pay for healthcare	3/27/2022 9:36 PM
